

El Dorado Hills Bowmen

The President's Report

By Tom Grube

Thanks to Everyone that helped out at the tournament. The tournament was a success even though we did not get as big a crowd as we had hoped. The animals we repaired seemed to hold up well so our efforts paid off.

Peg and Jim Sweeney moved in for the weekend and we sure appreciate their help and with Peg being so sharp with the computer she kept us all in line. Jim was our security guard for the weekend and part time quad runner.

The opportunity drawing went well thanks to the efforts of Jeff Goldman in soliciting gifts for the drawing. Jeff also cooked the tri-tip for those great sandwiches. Ken Mace and his son also ran the opportunity drawing both days.

We were very sorry to hear that our Glenda is having some physical challenges. She is going to be out for a couple of weeks and we expect her to be back to 100% very soon. We miss you Glenda and get well quick. Peg Sweeney will be temporarily filling in for Glenda.

Our class instructor Paul Hatcher will no longer be teaching the CSD classes. Thank you very much Paul for you past service and you did a great job with the class. We are fortunate in that Tony Kasovich has stepped up to the plate and will be our new lead instructor. Tony will need help from everyone so please cooperate and insist with instructing the class.

Thanks again everyone for your help and cooperation. See you at the range.

- Tom

CBS Channel 13 reporter Melissa Cabral from "Good Day Sacramento" visited the tournament on Sunday morning, braving the elements to capture the action.

Saturday weather was perfect for the tournament. Here a group of shooters finish their efforts on target #26 in shorts and short sleeves.

More Sights Around the Range at the EDHB 3D Tournament

EDHB members Jim Martinez, Shawn Finato, Tony Kasovich and Lisa Pole brave the wet weather on Sunday morning to shoot the 3D tournament.

EDHB member Jim Comstock proves once again why he's a part of this merry group of archers with his "Robin Hood" shot on target #13 at 30 yards. Nice shooting Jim!

The Range Manager's Report

By Tony Dunn, Sr.

Well it's time to get the good, bad, and ugly news out.

I just received a new membership roster and we have around 180 members in the club. We usually have 10-16 members at a work party. hmmm!

Age 55 and under are required 3 work days and maintain a target. We have had 4 work partys so far this year and 50% of the members who showed up were over 60. OK, you get the picture.

The Open shoot is over. The range looked good and the animals held up. About 150 shooters showed up to shoot.

Sometime in April, we will change the combination to the gate and tool shed locks. All members will receive the new combo in the mail.

A BIG THANKS to all who put the animals out and away and worked in the rain on Sun. (And no, Darryl, you can't shoot 5 arrows and take the best 3. Nice try.)

Target assignments are as follows in the chart to the right.

Problems call, Eric Land. Questions call Tony Sr. If you would like to get credit for a work day. call Eric or me and we can find work. There is always painting, clean up, etc. that needs to be done and Bob Nation would always be glad to show you how to glue targets.

Thanks,

- Tony D.
